—The Whitley County Herald has been leased by Messrs. Barron and Fite, of Georgetown. Bro. Henry will practice law.

—A protected meeting will commence at the Baptist church next Sunday. Rev. W. A. Boram, of Middleboro, will assist the pastor.

—Hon. H. W. J. Ham delivered the first lecture of the lecture course at the Baptist church last Monday night to a crowded house. —Circuit court is progressing nicely and considerable business is being dispatched. The most of this week will be taken up in the trial of James Bowman for the murder of Wm. Reader, in Knox county, last January. It was begun last Saturday and the evidence was completed Tuesday evening, and the argument was begun Wednesday morning. The case will probably reach the jury Thursday evening. Judge J. H. Tinsley and his son, Charles Tinsley, and B. B. Golden are aiding Commonwealth's Attorney Lester in the prosecution, while Messrs. John and Smith Hays, Ben Dishman and John Catron are defending. There were about 75 witnesses examined. The case of the Commonwealth vs. Sampson Bolton for the killing of Blue Durham in his watermelon patch last August, was tried last week and the defendant was fined \$5 for involuntary manslaughter. Durham and some other boys went into Bolton's watermelon patch at night and Bolton was watching. He claims that he aimed to shoot over Durham, not knowing who he was, but the gun made a long time after he had let it down into one hand, the lead striking Durham in the back, from which he died in a few hours.

From the French

When the heart is full, the lips are silent.

The heart that sighs has not what it desires.

An honest woman is the one we fear to compromise.

It is a great obstacle to happiness to expect too much.

Women divine that they are loved long before it is told them.

To blame a man for being in love is like chiding one for being ill.

Flattery is like false money: it impoverishes those who receive it.

A coquette has no heart, she has only vanity; it is adoration she seeks, not love.

The heart of a loving woman is a golden sanctuary, where often there reigns an idol of clay.—Linares.

Absence diminishes weak passions and augments great ones; as the wind extinguishes vapors but increases a conflagration.

And things can never go badly wrong if the heart be true and the love be strong.

For the mist, if it comes, and the weeping rain, will be changed by the love into sun and shine again.

—George MacDonald.

Kitty—You know that when two people are in love they are eager to perform some act of self-sacrifice in order to prove their devotion for each other.

Tom—Yes; that is supposed to have been the origin of marriage.—Pank.

"I would kiss you if I dared," he said.

"If I were a man," she replied, with a determined air, "I think I would dare anything."

Just then a cloud passed over the moon.—New York Press.

—The latest dictionary contains 349,333 words. The old unabridged had only 125,000. Times are getting harder every year for the man who doesn't know how to spell, but life is getting easier all the time for the people who want to conceal their thoughts.

Mr. Ira P. LIBERTY, CASEY COUNTY.

—Bud Gibson is rejoicing over the late advent of a new boy.

—George Helms has sold his house and lot to G. Monroe Brown for \$350.

—Casey county is to have a new jail, and from every indication it will be on an equal footing with our new courthouse. So you blue-grass fellows can no longer joke fun at we 'uns for the unsightly rock pen in the filthy gully near the river.

—The county supervisors met about two weeks ago and raised the valuation of 72 farms, ranging all along from \$400 up to \$2,000 each. Some of the victims swore extravagantly, while others grinned and bore it as best they could. The supervisors met again last Monday and made some reductions.

—The Casey county quarterly court met here Monday with the newly elected county judge, John M. Telford, presiding. Owing to high waters, there were few people attending and but little business was done. Dr. L. C. Dye qualified at the proper time as county clerk, with Simon Wesley as deputy.

—Casey county may have some imperfections, but we challenge the world to beat us in the huge size of our men and boys. We have men too numerous to mention that pull the beam at 200 to 250 pounds and one or more that weigh over 300. And then our boys—there is Fred Durham, of Middleburg, the day he was 11 years old weighed 152 pounds. Then again there is Ernest Stapp, of Carpenter's Creek, who at the age of 13 years, tips the beam at 150 pounds and is tall and well proportioned, with no surplus flesh, and is as good a boy as he is large. His brother, Sherrill Stapp, at the age of 17, weighs 180 pounds and is a fine looking and tall youngster and well made. All three are nice boys. What other county or counties in the State can beat Casey's brag boys? 'Rah for Casey'.

HUSTONVILLE.

—The Christian Endeavor Society will have a social candy pulling next week, in order to continue good fellowship, or e with another.

—Rev. W. L. Williams preached a sermon Sunday concerning sanctification. He presented the subject in a clear and forcible light. He does not believe in instantaneous sanctification, but believes it grows and finally comes on all truly Christian people.

—Our city treasury is in a much better condition than some of our sister cities. She has a surplus of about \$500 and assessments notown taxes. The two saloons pay \$60 per year and the town's expenses are over \$700 per year. This shows that our fines, not only assist in paying expenses, but also give us a surplus each year.

—Miss Lena Goode has returned from a lengthy visit in Boyle, Miss Dora Miller, of Hubble, is visiting her aunt, Mrs. John S. Goode. Mrs. H. G. Cook, of Jellico, Tenn., is visiting her mother, Mrs. Lottis Green. Mr. F. B. Twidwell attended the minstrel show at Danville, Monday night. "SIT STEADY IN THE BOAT."

GEORGE C. WEBSTER.

He always used to say it when care was on my face,

And repeat it o'er and o'er when a smile had sunk its place—

That the thing to do was allus thro' good or ill report:

"Sit steady in the boat, my boy, till you're sure you're safe in port."

Extend the idea, if you will, to all o' life's affairs.

To years that seem most prosperous and them that's full of care;

Sit in steady in the boat till allus over-come

The little things that vex us and them's that's troublesome.

And so it is, with added years, the lesson presses home,

Our nature's weak and yielding with the weights of care that come;

And we are inclined to break, like iron that's pounded much,

We fain would dodge, or if we meet, we yield to trouble's touch.

The only way to overcome this tendency of age,

Sit steady in the boat, my boy, as calm as any sage;

Nor dodge, nor break from trouble's weight, but fate's decrees abide;

By sitting steady in the boat till you're safe within the port.

—"If new and true not otherwise—except as in O'Meara's romances." The rhyme is sacrificed to a softening of fact.

—A report comes from Pelleyton, Adair county, that Riley Barnett, who left this section some time ago, between two snags to avoid the payment of sundry little debts, was shot in the back by one John Shaw, while stealing bacon from a neighbor of Mr. Shaw. The report may be untrue, but those who know Barnett best, say he is capable of anything mean, and would not be surprised to hear of him doing service for the State at Frankfort. Riley is a slick one in deed, and was thought to be the biggest liar that ever lived in this vicinity, and we have had some woeful liars too.

—Mrs. Malinda Cowan died at the home of her son-in-law, Mr. John Hubble, in Lincoln county, Jan. 15th. She was the wife of Isaac Cowan, of this place, and a most excellent woman. Aunt Lind, as she was lovingly called, was a favorite with her neighbors and many hearts here were made sad by the news of her death. Her remains were brought here on the day after her death, and after funeral services by Rev. Grider at the Methodist church, of which she was a devoted member, they were interred in the cemetery West of town. Mrs. Cowan leaves a husband and four children, viz: Mrs. John Hubble and Robert Cowan, of Lincoln county, and Mrs. A. H. Royalty and Mrs. Wm. Cloyd, of this county.

—At Morehead, Miss. Wm. Bush, a white desperado, asked a negro if he believed Jesus Christ ever read a jack ass. The negro replied that he did not. "Then I'll make a convert of you," the fellow said, and shot the negro dead. Bush resisted arrest, and was shot and killed by the officer.

He would have gathered her in a warm embrace, but she waved him back. "No," she said, imperiously.

"You crush my heart," he protested.

"Better thy heart," she answered "than my sleeves."

And straightway he went out and hung himself.

Any one who has children will rejoice with L. R. Mulford, of Pineville, N. J. His little boy five years of age, was sick with croup. For two days and nights he tried various remedies recommended by friends and neighbors. He says: "I thought sure I thought sure I would lose him, but when I saw Chamberlain's Cough Remedy advertised and thought I would try it as a last hope, and am happy to say that after two doses he is up and morning. I gave it to him next day and a cure was effected. I keep this remedy in the house now and as soon as any of my children show signs of croup I give it to them and that is the last of it."

—Your Lancaster scribe acknowledges his shortcomings in failing recently to send his budget of news, but as his failures hitherto have been but few and far between, he thinks he should, in the language of Mr. Clay, be permitted to "pick his flint and try it again." [And we will be mighty glad to have him do it.—Ed.]

—Owing to the trouble and expense of replanting last spring, gardeners have concluded to wait until the weather has fully settled before planting their vegetables. A few pleasant days in February or March are usually sufficient to tempt most of our fruit and vegetable raisers to place seed in the ground, where they rot or become so impaired as to be practically worthless.

—Mr. Gus Holmann, the gentlemanly proprietor of Crab Orchard Springs, made a short visit here Wednesday. He is making great preparations to entertain guests at this noted resort next summer. W. H. WEARE & CO.

W. P. WALTON.

It is sent out from Washington that Col. Breckinridge's little resolution, authorizing the president to immediately open negotiations with the Republic of Hawaii for the annexation of the Hawaiian Islands with the United States upon terms equally honorable and advantageous to both countries, has a political significance not shown on its face. This significance is said to lie in the alleged fact that there is a sentiment in Kentucky in favor of annexation and that it can be worked against Gov. McCreary, who opposes the policy and supports the position taken by Mr. Cleveland. This is the sheerest poppycock. There is no sentiment in Kentucky favorable to annexation with the far off islands inhabited by adventurous foreigners and leprous natives and if the colonel thinks he can make a point against the governor or anybody else he will be as much mistaken as he is in supposing that he will ever represent the State in the United States Senate, or that there was a crying demand for his appearance on the lecture stage.

The Louisville Commercial says that 26 republican papers in Kentucky have declared for Bradley for governor, which shows their animosity. There is nothing half so sure in the future as Col. Bradley's nomination and we wish we could add that there was the same absolute assurance of his defeat. But we can not, the more's the pity. With the present dissatisfaction among the democrats and loose manner in which party pledges have come to be held, we very much fear that if the election were to be held now that Bradley would be victorious. A change may come, and we believe it will; but all the same the democracy has no child's play ahead of it. Unless the factions get together and nominate a man upon whom all can unite, the party is going to have trouble in keeping the State in line.

The astute editor of the Richmond Pantagraph says the bill to divide the State into two Federal districts is a good one and should pass. That settles it for what the Pantagraph man doesn't know isn't worth knowing. He charges that our opposition to the bill is due to the fact that the court would be held at Richmond instead of Stanford. This is almost as high as such men as he can see, but he should not try to gauge other people by his own little measure. He will learn when he is older, if he is capable of corraling an idea, that some men at least are not governed in everything by personal or local interests.

The frequent uncomplimentary remarks about Gov. McCreary which appear in the Louisville Post are unworthy of Editor Knott, prone as he is to find fault. Gov. McCreary has served his constituents, his State and the Nation with marked fidelity and ability and the effort of the Post to laugh him out of court is both a foolish and a vain performance.

LUCIEN BAKER, an Ohioan by birth, will succeed Senator Martin from Kansas. He was the dark horse in the race but he got there as dark horses frequently do. In 1869 he graduated at the Michigan University as a lawyer and soon after settled at Leavenworth. He is not much known and if he has force it has not been developed, though he is nearly 50.

ALWAYS foremost in every good word and work, Mr. W. N. Haldean, proprietor of the Courier-Journal, has headed the list of subscriptions to build a newsboys' home with \$1,000. Those who know say that the grand old man gives more to charity and to charitable purposes than any man in the State. All honor and glory to him.

"HELL and How to Get There," is the title of a new book. With everything greased for the journey and the toboggan loaded to the guards, it requires neither knowledge of the road nor signboards thereon to lead people thither, and the fellow who wrote such a book deserves to have his trouble for his pains.

The "Scoop" is the name of a new paper at Nicholasville, which already had two papers. The new venture has the names of M. B. Wilhoit, as editor and E. L. Anderson, local editor, and it remains to be seen whether it will fill a long felt want. The first issue is a good one.

CALIFORNIA is a great State. While one part of it enjoys eternal verdure, balmy breezes and an ethereal mildness all the year round, another portion is covered 20 feet deep on a level with snow. The mountain settlers are hemmed in and great suffering exists.

Why can't the newspaper reporters let old man Cash Clay rest in peace with his youthful bride? The story sent out the first part of the week that she had left him, proves to be untrue. The lion still lies down with the lamb and a little child may yet lead them.

NORTH CAROLINA now has republican and populist U. S. Senators elect. Shades of Zebulon Vance would not one sniff? Is there no Ransom for us any more?

Denz gets out of jail in time to take a hand, or rather a month, in the Brooklyn trolley strike, but the taste he has had of prison will doubtless make him keep that unruly member in better control than formerly. The strike situation at Brooklyn becomes more serious and although 7,000 or 8,000 State soldiers are there under arms, they seem unable to cope with the mob. They have fired in to them several times, but evidently not to kill, and the strikers make fun of them. A company of Federal soldiers with a commander who is not afraid to do his duty, has more terror for lawless men than 1,000 militia, who are frequently in sympathy with the mob.

ALL the Senators to be chosen this year have been elected, with one or two exceptions, and the political complexion of the next Senate can be determined. The republicans gain seven members, the democrats lose five and the populists gain one, making the body after the 4th of March 34 and 43 republicans, 39 democrats and 11 populists. The latter hold the balance of power and if they make an alliance with the democrats can organize the body, with the democratic vice-president having the casting vote.

If Christ came to Chicago, it is said that he would find 60,000 opium eaters, 40,000 dissolute women, 34,000 saloon keepers and bar tenders, 10,000 gamblers, the same number of thieves and 2,500 prisoners. These figures are appalling and yet they are not exaggerated. The city is a veritable hell on earth with its heterogeneous population, made up largely from the scum of creation drawn there to a great extent by the World's fair.

SENATOR WASHINGTON, who will have served but one term, which ends March 4th next, was turned down in Minnesota by Gov. Knute Nelson, who got 102 votes to his 36. Nelson is a Norwegian by birth, but his title to citizenship was won by four years service in the war as a non-commissioned officer, since which he has thrice been elected Congressman and once the governor of his State, which office he is now filling.

—The nomination of Chas. D. Clark for United States District Judge in Tennessee was promptly confirmed a second time by the State when reported from the Judiciary Committee.

—Jos. McDowell, the missing cashier of the Still County Deposit Bank, has been located Mexico. He was \$8,000 short in his accounts and his peculations have extended over two years.

—The suit of Capt. J. C. Bryant, to compel Governor Brown to approve his claim for services while attending camp of instruction and inspection in the fall of 1891, was decided against him.

—Charles Rawlins, aged 19, is in jail at Hamilton, Ohio, awaiting his trial for ditching a train. He has confessed and claims that his only motive was to kill his aunt, who was aboard the train.

—Ex-Senator John J. Ingalls has invented a companion phrase for his iridescent dream. According to the Chicago Herald, he describes a woman who wants to vote as an "opalescent phantasy."

—Judge Hutchins, republican county judge of Mason, proved what a natural born darn fool he is by ordering the picture of Gen. Lee taken down from the walls of his office, where it had hung for years.

—Albert Vick, a farmer near Owensboro, ordered a young man named Morey, of Rockport, Ind., to discontinue his visits to his daughter. He came again and the old man shot and fatally wounded him.

—Satisfied that he did not take his own life, as circumstances indicated, the family of the late Mr. D. C. Logan, of Lexington, have offered a reward of \$2,000 for the arrest and conviction of his assassin or assassins.

—The last statement shows that there are 167 State and 13 private banks in Kentucky. The former had Dec. 31, \$1,938,569.10 in loans and discounts with capital stock amounting to \$16,069,265.50 and a surplus of \$5,420,035.12.

—Senator Gray, of Delaware, summed up the Hawaiian matter in debate when he said that "the attitude of the Administration has been in exact accordance with the time-honored precedents that have obtained in this country for 100 years."

—The Manufacturers' Convention at Cincinnati was attended by more than 1,000 delegates from all parts of the country. They want to devise ways and means for larger markets and demand that reciprocity be embodied in National legislation.

—Grand Master Sargent, of the Brotherhood of Locomotive Firemen, says the outlook for the organization was never brighter. The discontented element in the order has been weeded out, and is now composed mainly of conservative railroad men.

—Statistics show that in India poisonous snakes and ferocious wild beasts killed 24,017 human beings and 90,253 cattle during the single year of 1893. In return human beings destroyed during the same period 15,209 wild beasts and bruised the heads of 117,120 serpents.

—The attempt to impeach Judge Ricks of Cleveland, failed in the House Judiciary Committee by an adverse vote of 97, and instead of a resolution for impeachment one was presented denouncing the fee system, which in the opinion of members, has made the proceedings possible.

—Circuit court at Mt. Sterling is progressing without much excitement. Two men have been arrested and indicted for the lynching of Blair. They are James Roach, a journeyman tailor, and Dick Foreman, a paroled convict from the Frankfort penitentiary. It is said that 150 Morgan county men are ready to ride down and raid the Mt. Sterling jail and mob the prisoners.

—Ex-Governor Pattison, of Pennsylvania, has accepted the nomination for mayor of Philadelphia in a vigorous letter, in which he promises thorough reforms if he is elected.

—Though the judges of the United States supreme court wear mother hoods every day, an humble citizen of St. Louis, because he is not a woman, is fined for wearing one. Clearly this is a world of continuous inequalities.

—Marines from American and other foreign warships have been landed at Obse Foo, China, for the protection of consulates. The Japanese are reported to have been repulsed at Wei-Hai-Wei, but are preparing for another attack.

—The cotton States and International Exposition at Atlanta, Ga., seems to be booming in a way that promises all kinds of success to the enterprise. The new South is decidedly in it, when it comes to enterprise of great pith and moment.

—John G. Moore, who has brought suit to test the constitutionality of the income tax law, got the expected knock-out yesterday in the Washington District equity court. As he looked for an adverse decision, he can not be disappointed. The case now goes to the supreme court for final hearing.

The weather since Tuesday has been as fine as anybody could wish for in January and the dispatch now at hand says it will be generally fair and warmer for a day or two.

The recent advertisement in this paper of a purse containing a sum of money developed the fact that a great many people have lost purses lately, that is to say quite a number have called to see if it is theirs. Another shooting gallery firm has opened up in one of Mrs. M. J. Miller's storerooms, Messrs. Speelman & Fryman and they are well fixed to teach the young and old ideas how to shoot—rifles.

To offset Gov. Foraker, it is said that Sheriff Van Arsdale will engage Senator Dan Voorhees to defend him, notwithstanding he has nine lawyers already employed. He certainly thinks his case is a desperate one.

The council is having the town surveyed for the purpose of having the limits correctly defined and a map made. This is to make sure who lives in town and to ascertain exactly the number of acres of land in the limits used for farming and by whom owned. Mr. O. T. Wallace, of Garrard, is doing the work.

A GREAT OFFER.—The Louisville Daily Post, published every evening except Sunday, is offered with the INTERIOR JOURNAL at \$4 per year. The price of the Post alone is \$5 per year and our paper \$2, making this the best offer of the kind ever made. Subscribers to this paper who are not taking The Post now can avail themselves of this opportunity by addressing this office, or writing to B. G. Boyle, 526 Third Street, Louisville.

It is almost absolutely certain that three bonds of \$1,000 each will have to be sold to meet the deficit in the last levy. To help build the Kingsville turnpike \$2,700 were appropriated, but after paying the other claims, the amount is not in the treasury. Judge Varnon explains the deficiency in several ways. In the first place, only \$1,000 was appropriated to cover road claims, which was thought amply sufficient. Instead, however, claims to the amount of \$3,200 were filed and allowed, the railroad assessment was reduced, which knocked off \$500 in taxes and so on. The levy was made last April in anticipation of claims to be filed in October, and it was impossible to foresee the large increase in road claims and the falling off of revenues produced by the hard times and a shrinkage of values.

AN EDITOR'S WORK.—It really makes us weary and long to fly away and be at rest, when we look over the INTERIOR JOURNAL and see how many mistakes sometimes appear. Occasionally, but rarely, they are due to the hasty manner in which we may read the proof, but oftener, and nearly always, to the bluntness of the intelligent compositor, who lays it upon our chlorophyll, as if that were not as easily decolorized as the plainest print. For instance we wrote in beautiful characters, "In mass convention," but it appeared in type, "In Mason county." Again we wrote that "Neal Dow seems to have lived his long life in vain." It was set up "in the rain," thereby leaving the impression that the old man is very "wet" outside, if he is "dry" within. But why multiply examples, to harrow up our very souls. These are bad enough, but they do not hurt like words misspelled. Our only consolation lies in the fact that most people read so hastily they fail to observe the errors, which are so patent to us after the paper is printed.

See the young ladies rifle shots at Speelman's shooting gallery.

Mr. J. B. McKinney informs us that he has filled his ice house, and will not be among those who wait till summer to do so, and then keep on waiting.

Don't forget that one of the most desirable homes in Stanford will be sold Saturday, Jan. 26th, at 2 p. m. before the court-house. See ad. in this issue.

## MATRIMONIAL MATTERS.

—Wedding outfits can be hired in New York for so much an hour.

—Edward Gray, a Maine man, committed suicide recently because his wife scolded him for eating too much apple sauce.

—John Britton and Mrs. Manerva Rush, a pretty widow of 20 summers, were married Tuesday at D. J. Kidd's, near Kingsville.

—T. M. Estes and Miss Carrie L. Bowen, both of the East End, were joined in wedlock's holy bonds at the bride's father, M. H. Bowen, yesterday.

—William King and Miss Martha Dishon and John Andy Dishon, a companion Mary Stephens, all of the Crab Orchard vicinity, will be married at Mr. Lewis Dishon's to-day.

—There is an epidemic of marriages in Hopkinsville, since the 3d of September. The county clerk has issued 142 licenses and the cry is still for more, several weddings occurring this week.

—Mr. James H. Yantis, of Garrard, and Miss Alice Richardson, a accomplished young lady of Somerset, were married at the bride's father, Mr. J. M. Richardson, Wednesday. The bride has frequently visited here and has many friends who join the INTERIOR JOURNAL in hearty congratulations.

—The Indiana Legislature is considering a bill, which is designed to deprive Jeffersonville of its Gretta Green attributes. The bill requires that an application for a marriage license shall bear the endorsement of a resident freeholder. If it passes, Kentucky elopers will have to seek some other scene for shuffling off this single case.

## CHURCH AFFAIRS.

—The latest Christian sect are called "Necromancers."

—Rev. J. A. Sawyer's meeting at Sals closed with 100 conversions.—Falls Kentuckian.

—On January 1, there were in existence 37,000 Christian Endeavor societies with 2,223,800 members.

—Of the 477,080,158 church members in the world, 230,865,531 are Catholics and only 143,214,627 protestants.

—A Hebrew Bible in the Vatican weighs 320 pounds, and is the largest Bible in the world. It is all manuscript.

—The congregation of the First Christian church at Paducah will erect a new church building. Already more than \$15,000 is available for the purpose.

—H. A. Busby, a minister at Columbia, O., has just served 30 days in jail for sending the following dun on a postal card, "Owe no man anything." "Pay what thou owest."

—Craddock says that Eld. Zick Sweeney's meeting at Paris has resulted in 43 additions, 20 of whom were baptized Sunday. There were 11 additions at one and 10 at another meeting.

—Rev. John O. East, of Bardonia, who held a protracted meeting at the Baptist church here several years ago, has accepted a call to a flourishing church at Edgeland, Tenn., with a large salary.

—A dispatch says: Rev. W. A. Burum, pastor of the Baptist church at Middlesboro, has announced from the pulpit that he is sanctified and is preaching nightly to holiness meetings. Great religious excitement prevails there. Last night he was joined by Rev. L. M. Lacey, the converted gambler and horse-racer, who also claims sanctification.

## OF A LOCAL NATURE.

—The Lexington Exposition cleared \$2,000.

—Jesse Alverson, aged 96, died at Silver Creek. He was the oldest man in Madison county.

On Jordan's stormy banks we stand, The boys are on their car, And they propose to fight it out And "do us up" we fear.

In discretion we are plainly told The better part of valor lies, So we let up on "ponies" and all such rot

And wipe our weeping eyes. Until the war clouds have passed by And things become serene. We'll lay very low and trust to luck And in our good carbine.

—The will of the late William Reed was probated yesterday. It was written in September, 1894. Mrs. Reed is appointed executrix, and W. I. Hogan, of Garrard, is made trustee for Mrs. Lizzie Sandridge. The will provides that after all claims against the estate have been settled, \$5,000 shall be given to the widow, Mrs. Josephine Reed, as her absolute property, the remainder of the estate to be divided equally between the heirs, subject to certain deductions for money already advanced.—Advocate.

—Silas Hendricks and Felix Dungan were arrested at Norwood, Pulaski county, charged with train wrecking. Several attempts have been made recently to wreck trains on the Cincinnati Southern railroad. The company has been trying to catch the guilty parties for some time.

—Thomas J. Cunningham, a well-known citizen of Mercer, was found dead in a field. Coroner's jury said death was caused by heart disease.

## FARM AND TRADE ITEMS.

—Choice seed oats for sale. C. C. Carpenter, Hustonville.

—M. S. & J. W. Baughman bought of J. K. Baughman two livery horses at \$100.

—Best cattle 4.05, best hogs 4.30 and best sheep 4, are the Cincinnati quotations.

—John Anderson sold to John Johnson, of Boyle, a bunch of 1,000 pound cattle at 25c.

—The Hockridge News says the peaches on Muldraugh's Hill have been killed, which if true, is mighty bad news.

—Alcantara's earnings during the past two years aggregate \$60,000. The price paid for the great stallion a short while ago was \$10,000.

—R. H. Crow bought of J. W. Shelby 62 acres of land adjoining his farm at \$40. This gives Mr. Crow about 300 acres of splendid farming land.

—For SALE.—12 or 14 nice shoats weight from 75 to 100 pounds. Apply to Mrs. Lizzie Williams or Miss Fannie Givens, Mt. Salem neighborhood.

—Wednesday in Louisville 1,073 hogs heads of tobacco were sold, only three below the record. The highest price realized was \$21 for a hoghead grown on the Ashland estate, Henry Clay's old home. The market is strong.

—The combined earnings of the two, three and four-year-old winners of \$5,000 or over in 1894 foot up the enormous amount of \$1,476,470, a high amount to be won by only 136 performers, and compared favorably to 1893, when 148 performers won \$1,734,113.

—Monte Fox bought during the past season 1,500 head of export cattle for Goldenith, getting them from the counties of Boyle, Lincoln, Garrard and Washington. The purchases involved an outlay of upwards of \$125,000. This is quite a source of revenue for the farmers of this region.—Advocate.

—After six weeks' illness of acute bronchitis, Mrs. M. O. Vandever, breathed her last Monday evening. She was married to Mr. Vandever Sept. 5th of last year and had proved a loving helpmeet to him. Mrs. Vandever's maiden name was Hagan and she was originally from Madison county. She married early in life and her husband, who was a Mr. Merritt, died several years ago, leaving two small children. She was a most excellent Christian woman and her loss will be keenly felt by those who knew her. The remains were taken to Richmond Wednesday and interred.

—The statement of an Indianapolis paper that certain members of the Indiana Legislature had been subsidized by railroad passes has caused a tumult of righteous indignation in that body. The intimation that any member is so green as to sell out for so little is scarcely resented.
